## SUMMARY

**Senior Product Designer & UI/UX Team Lead** with 3+ years of experience architecting complex SaaS, e-commerce, and enterprise platforms across MENA and US markets. Strongest in Figma, tokenized design systems, and bilingual (RTL/LTR) UX, leveraging a Computer Engineering background to bridge design with technical constraints. Proven record of leading teams, owning design strategy, and converting high-friction regulatory and logistics processes into intuitive user experiences.

## TECHNICAL EXPERIENCE

**Serajj**, *UI/UX Team Lead (Full Time)* Jun 2026 – Present | Riyadh, Saudi Arabia

- **Design Leadership & Ops:** Lead a team of UI/UX designers across Serajj's product ecosystem; established DesignOps, design strategy, structured critiques, and developer handoff workflows that accelerated team output and cross-functional alignment.
- **FalakCart (E-commerce SaaS Platform):** Co-designed an end-to-end e-commerce SaaS platform powering **21,000+ active stores**; architected multi-currency/RTL checkout flows, merchant analytics dashboards, interactive "Video E-Commerce" tools, and UI integrations for **40+ third-party services** (Tabby, Tamara, TikTok, Amazon, Noon, Aramex).
- **SBYP / سبايب (B2B Dropshipping Ecosystem):** Architected the UI/UX for the Middle East's leading B2B dropshipping platform serving **95,000+ active merchants**; designed 1-click product importing workflows, real-time multi-warehouse inventory sync, multi-supplier order fulfillment, and automated tracking UIs.
- **Enterprise & Ecosystem Products:** Structured end-to-end user journeys for **Setup KSA** (regulatory & business incorporation portal) and **HOBOX** (logistics & fulfillment management), translating complex regulatory and operational processes into intuitive, step-by-step digital workflows.
- **Design Systems & Scalability:** Built scalable, tokenized design systems and component libraries in Figma, ensuring visual consistency and accessibility (WCAG) across web, iOS, and Android applications.

**TAR**, *In-house UI Designer (Full Time)* Apr 2025 – Nov 2025 | Mansoura, Egypt

- **Led end-to-end UI/UX design** for client products across TAR Group's tech and e-commerce entities (Apqrinu, VIA), establishing internal design workflows and conducting cross-functional Design QA with frontend engineers.
- **Architected modular, production-ready Salla & Shopify themes**, including a flagship theme with **22+ customizable sections**, optimized for mobile-first responsiveness, high performance, and Conversion Rate Optimization (CRO).
- **Designed 20+ custom e-commerce storefronts** and multi-demo theme variations across diverse industries including Fashion, Electronics, Cosmetics, and Automotive (e.g., Bahij, BOM, Nagham, Washaq, Qimam, Battal, Siri, Orai).

- **Designed the UI/UX for Via**, an AI-powered marketing automation platform, translating complex data analytics, campaign workflows, and automation flows into intuitive, action-oriented dashboard UIs.

**Bitwise Solutions** ↗, *UI/UX Designer (Project-based / Part-time)* Oct 2024 – Jun 2026 | Cairo, Egypt

- **Delivered end-to-end UI/UX solutions for 18+ client projects** spanning E-commerce, Travel & Tourism, B2B marketplaces, and enterprise web applications.
- **Designed complex e-commerce platforms and management dashboards**, including *Yoamer* (building materials platform + custom inventory dashboard), *Yashri* (virtual mall ecosystem), and *I Click* (multi-vendor marketplace).
- **Crafted conversion-centric, user-friendly web platforms**, such as *Nile Soul* (tailored travel booking platform for international tourists) and responsive landing pages, driving higher user retention and satisfaction (98% client rate).
- **Established structured UI component libraries and design specs**, streamlining developer handoff and ensuring pixel-perfect frontend implementation across web and mobile views.

## SKILLS

**UI/UX Design:** Research Methods // Information Architecture // Storyboarding // Wireframing // Prototyping // Interaction Design // Visual Design // Animation // Design Principles // Presentation

**Design Tools:** Figma // Framer (Basic) // Adobe XD // Canva // Adobe Illustrator (Basic) // Adobe Photoshop (Basic)

**Project Management & Collaboration:** ClickUp // Trello // Slack // Notion // Miro

**Programming:** HTML // CSS // Sass // Bootstrap // JavaScript (Basic) // TypeScript (Basic) // React (Basic) // Next.js (Basic) // Python // C++

**Soft Skills:** Communication // Teamwork // Design Critique & Feedback // Strong Presenter // Detail-Oriented // Self-Learning

## EDUCATION

**PORTSAID UNIVERSITY,** *Bachelor of Computer Engineering* Sep 2018 – Jun 2023 | Port Said, Egypt

- Grade: Good, Graduation Project Grade: Excellent.

## LANGUAGES

**Arabic:** Native

**English:** Professional working proficiency
